JA-CE-HI

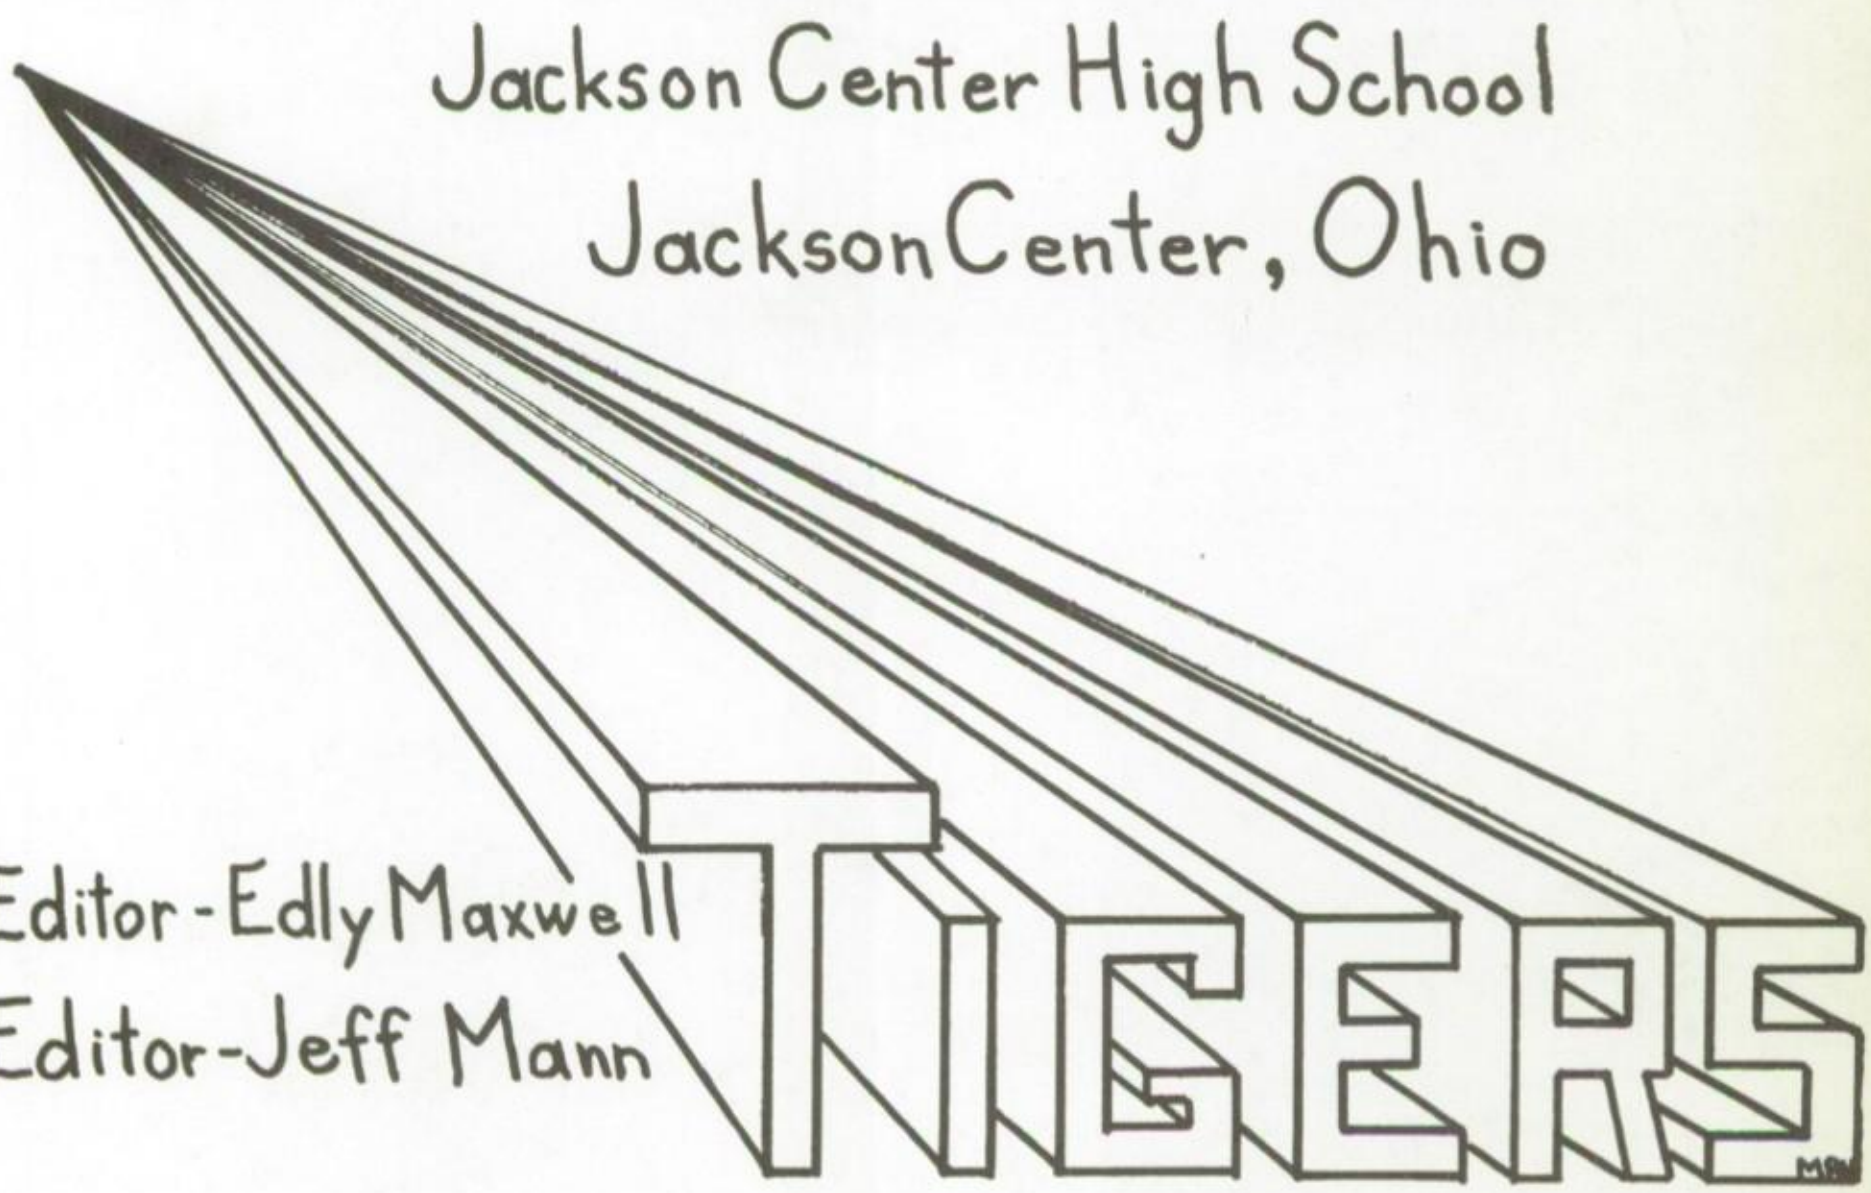
Jackson Center High School

Jackson Center, Ohio



Editor - Edly Maxwell

Co-Editor - Jeff Mann

FOREWORD

The JA-CE-HI has at last been completed. The annual Staff has worked long and hard on it, but we have learned much and truly enjoyed our work.

As our High School years draw to a close, we look back with fond regret upon these wonderful moments as students of JA-CE-HI. As you look through the yearbook, we hope that it will make you smile and recall "the good old days at JA-CE-HI."

DEDICATED

TO

YESTERDAY

MEMORIES

When old landmarks start to disappear, it makes one start to reminisce. That is what happened to me as I saw the old elementary building being demolished.

On a September morning in 1912, I went up the walk and entered that large impressive building (which was a fairly new one having been built in 1904), as a very eager First Grader. Many happy and interesting days were spent in this building. Then in 1924, I walked out with my High School Diploma. While I had been a student here, I had decided to continue my education and become a teacher. Little did I think of ever returning to the building I had entered that September morning back in 1912. Here for many years I have enjoyed the wonderful experience of working with boys and girls as new teachers had worked with me during my 12 years of schooling.

As this building disappears, it strikes a sad note in the heart of many in our community, even though we have a beautiful new modern building, to carry on the future education of our children.

Mrs. Heintz

Will start whittling class tomorrow!!!!

You shouldn't stamp foot so hard Miss Scarberry

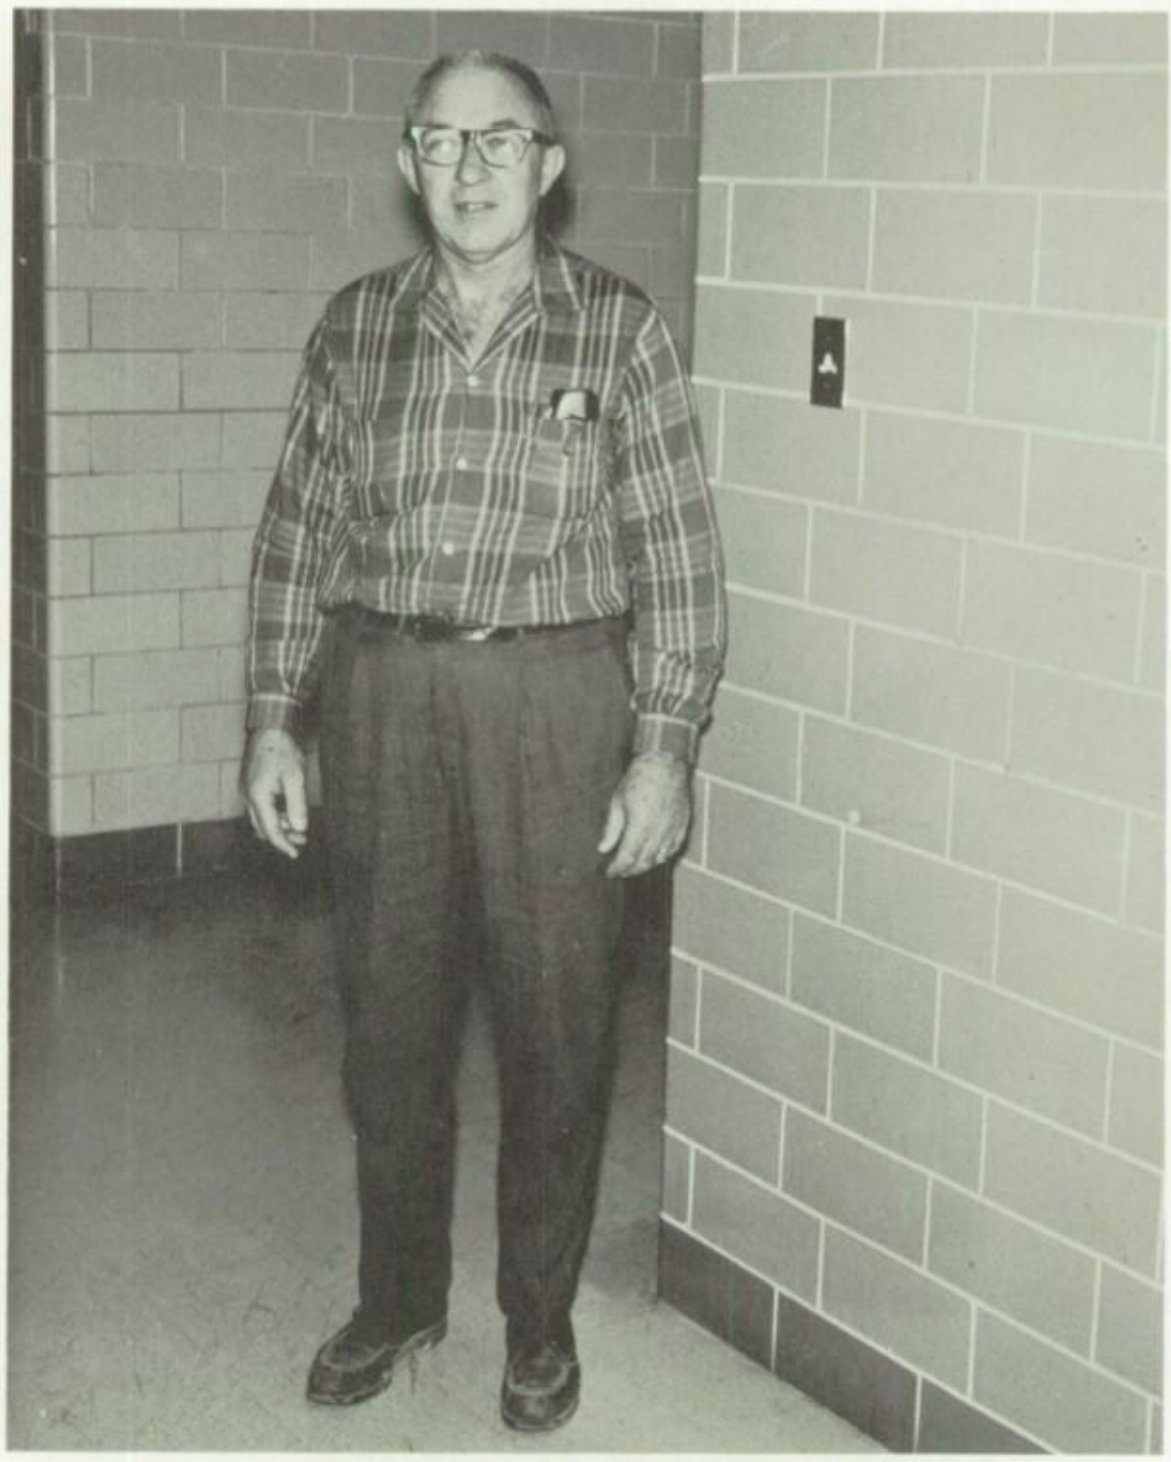
DEDICATION



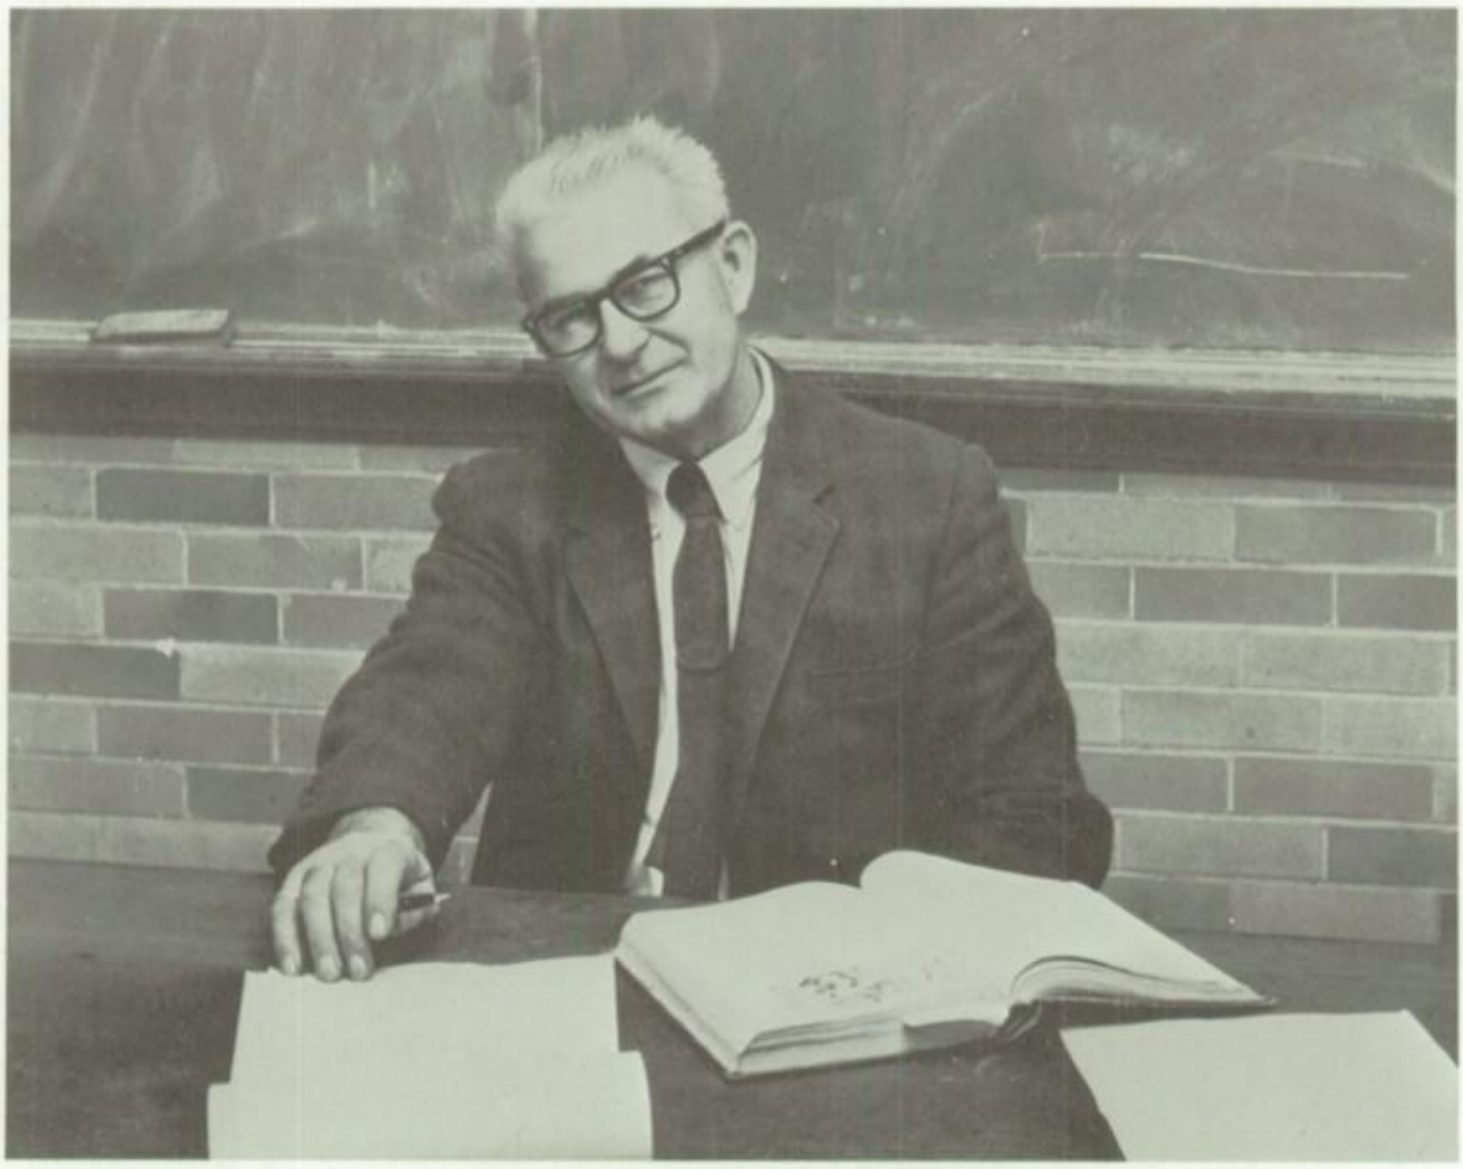
MR. SHERMAN DETRICK

This is the smiling face that reflects cheerfulness to everyone, especially teachers on pay day. Sherman Detrick; although born in Logan County, has served this community in many ways.

Prior to his graduation in 1931, he played on the second championship basketball team that Jackson Center has produced.

He has been a janitor at Jackson Center for a total of 11 years. He has occupied the position of Clerk of the Board for 18 years.

ADMINISTRATION



A MESSAGE TO THE STUDENT BODY
by Mr. Charles Foster

Cultivate the intellect, and you shall have a mind that produces beautiful thoughts, worthy images, helpful ideas; that will serve as a solace 'gainst all the storms that blow. The cultured mind, as compared with the uncultured, is the difference between a beautiful garden which produces vegetables, fruits or flowers, and a track of land that is overgrown with weeds and brambles.

To be a person of culture is to be at home under all conditions. Your mind is stored with mental images, and memory comes to keep you company, and guide you from nostalgia and the sense of separateness to universality or oneness with the Divine. The country will be beautiful to you in any season, and society and solitude each will be welcomed by you in turn. You are to reject nothing, despise nothing, knowing that everything belongs somewhere, and that it is needed to make up the great mosaic of life.

TO THE GRADUATE
by Mr. Glenn Smith

Be true to the dreams of the youth;
O graduate hopeful and bright,
Thy life lies before thee to-day;
See to it thou use it aright.

Be true to the dreams of thy youth;
Mid the sordid distraction and cares,
Awaiting each eager young heart,
Ne'er lose early longing and prayers.

Be true to the dreams of thy youth;
Forget not thy purposeful aim,
Move forward and upward each year,
and the fruit of thy labor thou'lt claim.

Be true to the dreams of thy youth;
Preserve the now'cherished ideals,
Until in his own gracious time,
Our Father His glory reveals.

F.T.A.

This organization is dedicated to the service of the faculty, the students, and the parents of the community. The aim of this club is to interest students to join the teaching ranks. Each member of the F.T.A. will be assigned to various teachers and will assist whenever possible with school affairs. Mrs. Forsythe (sponsor)

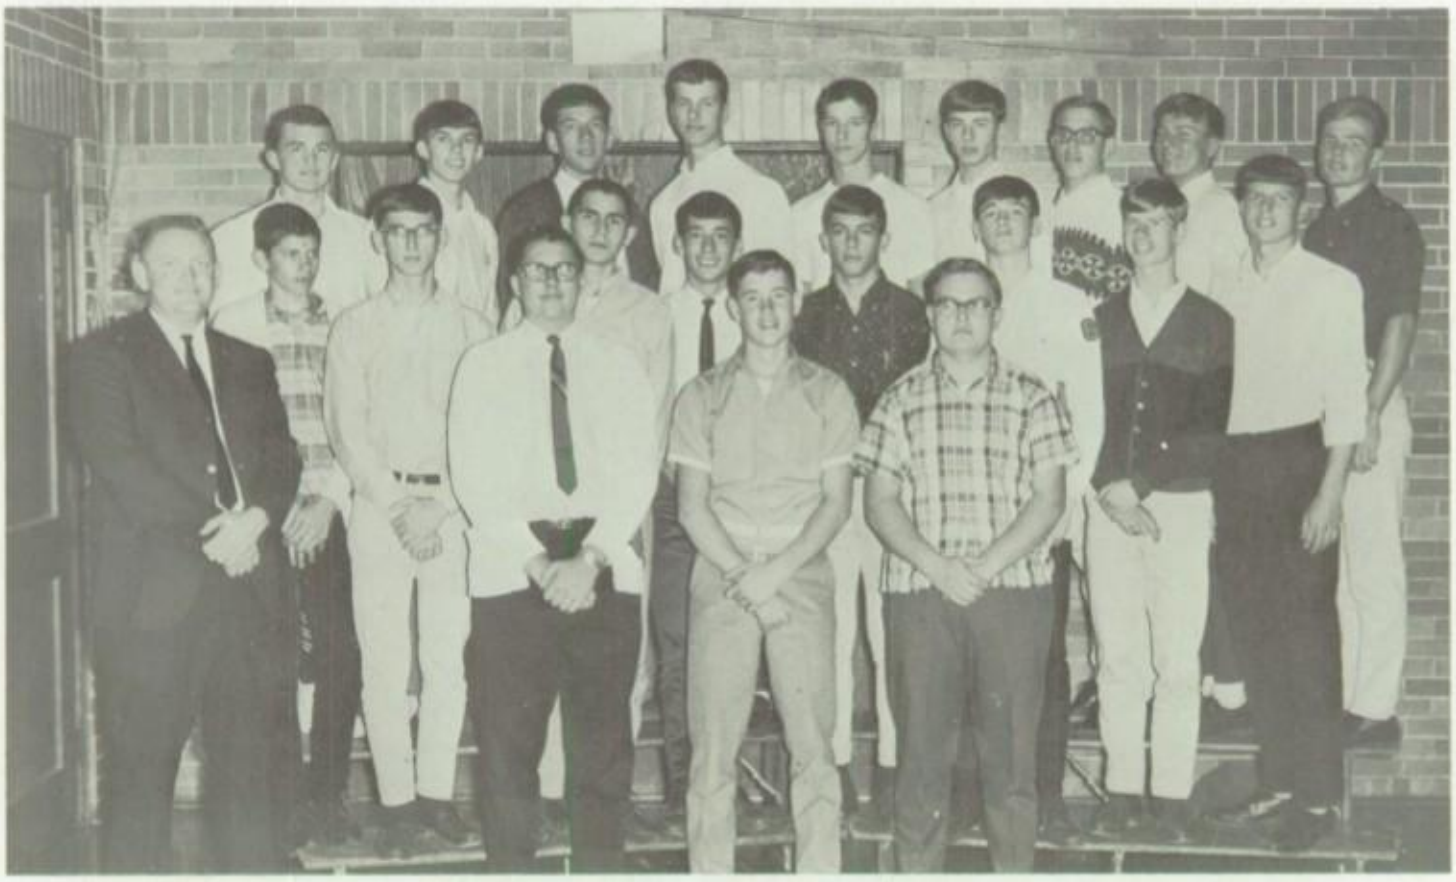
Science Club

The J.C. Science Club is organized and affiliated in conjunction with the Ohio Academy of Science. This year the club will have at least 30-50 projects, with many of these going to the State Fair. It is hoped that the Science Club's existence will enhance the scientific attitudes of the J.C. student body. Miss Gabriel - sponsor

G.A.A.

The recreational nature of the Girl's Athletic Association is basic to all other considerations. The activities are self selected so that its appeal and its emphasis are involved with the use of leisure time. While leisure time is being spent in the activities of the G.A.A., interests and skills are also being developed for possible continuing use throughout life. Miss Perrine (sponsor)

Varsity Club



The Varsity Club was reorganized this year and a new constitution was established. The purposes of the club are to enable varsity letterman to get together to promote school spirit and sportsmanship, to be of service to the school and the community, and to present awards for athletic acheivements in all sports. Mr. Roemer (sponsor)

F.H.A.

The Future Homemakers of America's over all goal is to help individuals improve personal, family, and community living. The motto "Toward New Horizons" reminds members that their contributions to home life today will influence the quality of homes they will have tomorrow, and that home life influences the community and the world. Mrs. Blue
(sponsor)

F.F.A.

The purpose of this organization is to develope those qualities of leadership that rural leaders should possess. This organization represents our school in many ways: at fairs, judging, competition, conservation, and all agricultural activities. Mr. Holt
(sponsor)

Librarians

Library Assistants are chosen with a number of qualifications in mind. The student should have some knowledge of the materials which are in the library and where they can be found. This is very helpful when students need help in finding what they need.

The assistant should have a pleasing personality so they create a good atmosphere for the library.

Mr. Horvath
(sponsor)

Student Council

The purposes of the Student Council is to promote better understanding between the students and teachers and to give the students a voice in self-government.

Representatives are elected by their classmates to represent the students of their respective classes.

Although basketball teams get all the credit, the gym would not be the same without cheerleaders and managers accompanying the team. The cheerleaders, left to right, are: Kathy Kah, Rachel Jackson, Linda McName capt, and Connie Leininger. The cheerleaders' job is more obvious than that of the managers. Each one usually has his own job to do, and each one tries hard to do it right; left to right, top: Jerry Shank, Head Manager, Skip Metz, statistician; bottom: Terry Billing, Terry Mintchell, and Keith Mann. Keith was later promoted to player.
